

"Making Room for Miracles"

Making Miracles #104

The A, B, C's of A Course In Miracles

1. **God created you perfect, powerful and precious**
(and there's nothing you can do or believe can change that).
2. **God created you to be happy in order to increase His Own happiness**
(and that is His UNchanging Will for you, no matter what).
3. **God's Will is the foundation stone of Reality**
(so everything that makes you unhappy isn't "real," ultimately speaking).
4. **The basic Law of Mind is that YOUR mind holds the power of the universe**
(and so whatever you give ("out") comes back ("in")).
5. **In the happiness God intends for you, all you CAN give is Love**
(but in your UNhappy state of mind, your fear denies that Love).
6. **Forgive yourself for your fears - you are mistaken in ALL of them**
(and forgive everyone else for being mistaken, too).
7. **Forgive - or overlook - the mistakes of yourself and/or others for just an instant**
and in that "gap" of just an instant, the very pervasiveness of Love fills the "space," automatically.
8. **Miracles happen NATURALLY whenever you refuse to attack yourself or others.**
9. **Infinite Help is available whenever you are willing to ask for it.**
10. **Miracles parallel your true Reality and that Reality is echoed here whenever:**
 - everyone is allowed to win (the ego wants someone to lose)
 - communication is open and honest (the ego wants to block communication at every turn)
 - life is affirmed (death is the ego's "answer")
 - lack in any form disappears (the ego grows strong in strife, so it supports stress and conflict)
 - wholeness is asked for AND expected (in ANY form)
 - joining and inclusion are embraced (the ego would divide and exclude - all ways)
11. **You are the Christ with amnesia** (so the power of your decisions commands the universe).
12. **God wants you to remember Who You are**
(but He cannot save you from what you WANT, having given you free will in your creation).
13. **Miracles overcome every power of the world** (there is no lack they can not fill).
14. **There is nothing to which miracles do not apply** (nothing is too big or too small).
15. **Miracles are your RIGHT** (but they cannot be "forced" upon you).
16. **You could live by miracles IF you were willing to ask for them in every area of your life.**
17. **If you've asked for a miracle and haven't received it:**
 - a. You may be sending out mixed messages (asked for conflicting things).
 - b. You may have asked to win at someone else's expense.
 - c. You may have been asking for loss for yourself or another unconsciously or unawares.
 - d. You might actually be afraid to receive whatever it was you asked for.
 - e. You may have addressed a symptom and not its cause.
18. **Every thought is a prayer - and even your imperfect prayer/thoughts affect form**
(so deciding to train your mind to recognize them is the CRUCIAL first step).
19. **Recognize that you DON'T KNOW what will fix ANY situation perfectly**
(you've got plenty of data to support the realization that the ways of the world DON'T work).
20. **Accept that you are NOT being asked to know what will only bless everyone involved**
(but understand that everyone IS involved in your every choice).
21. **Observe your choices and step back - just for an instant - and ASK FOR HELP.**
A simple request is: "I let Love decide," or "God/Holy Spirit/Jesus/Christ, please FIX this."
22. **Whatever choice is entirely PEACEFUL is your guidance from the Christ in you.**
23. **Trust that your prayer IS answered, no matter WHAT appearance is before you.**
24. **You aren't asked to have faith more than what you are shown. You can doubt and even be hostile to this information. You are only asked to give it a try. And to judge by the RESULTS..**
25. **God is praised by your happiness, glowing health, joyous laughter and radiant face**
(and not by your sacrifice, loss or guilt - He is the God of Love, not of vengeance - that's the ego).
